- Dysphagia management
- Speech and language rehabilitation
- AI and innovation

Email: [see.san.chok@nhghealth.com.sg](mailto:see.san.chok@nhghealth.com.sg)

## Biography

Chok See San is a Speech Therapist with more than 20 years of working experience, supporting adults with communication and swallowing needs. She has received training in research methods, quality improvement, and has been involved in a wide breadth of clinical research across areas such as dysphagia, communication disorders, and service delivery. Over the years, she has also contributed to initiatives aimed at enhancing patient care and improving workflow. More recently, she has begun exploring the use of AI and digital innovation in clinical practice, with the aim of improving patient outcomes and making therapy more accessible and effective.
