### **Biography**

Dr Brandon Nah graduated from the Yong Loo Lin School of Medicine, and subsequently obtained his membership with the Royal College of Physicians of the United Kingdom in 2017. He completed his specialist training in Gastroenterology and Hepatology in 2021. He subsequently undertook a Health Manpower Development Plan (HMDP) fellowship at the Royal Free Hospital in London. His training focused on advanced hepatology and the integration of palliative care principles into liver disease management.

Dr Nah's professional interest centres on improving quality of life, symptom control and coordinated care for patients with decompensated cirrhosis. He is particularly committed to developing palliative hepatology services that bridge traditional hepatology practice with holistic supportive care.
